Dear Student,

On April 23, 2013, you and your classmates will participate in the weekday administration of the ACT® Plus Writing. As you prepare for the ACT, know that you have the support and encouragement of your Hawai'i colleges and universities.

One of your goals for the upcoming ACT is to find a college or university that offers the programs and services most important to you. The ACT is the college admission and placement test accepted by all colleges and universities throughout the United States. A valuable component of the "pre-test session" for the ACT is the option to select up to four colleges and universities you would like to receive your ACT scores.

A wide range of higher education opportunities and majors is available right here in your home state. We encourage you to consider all of the Hawai'i postsecondary options for this next phase of your educational career and consider sending your ACT scores to one or more Hawai'i colleges or universities.

A list of Hawai'i college and university codes is provided on the reverse side of this letter. Please use this as a reference when making your selections.

We also encourage you to be thorough in completing the Student Profile Section during the ACT pre-test session. Hawai'i colleges and universities will use this information to better inform you about their academic programs, activities, events, and unique campus characteristics that match your needs and interests.

Your transition from high school to college or the workforce is crucial to our state's future and that of our nation. You have **tremendous** potential, and we encourage you to give your best effort on the ACT, as well as to your remaining high school coursework and activities.

Remember, you are the future of Hawai'i and of our country! Always strive to achieve great things!

Sincerely,

Your Hawai'i Colleges and Universities

This list of Hawai'i college and university codes can help you determine which schools you would like to receive your ACT scores.
