Tell Us What You Think!

Your opinions about our schools matter to the Hawaii State Department of Education (DOE). We respectfully request a few moments of your time to complete the School Quality Survey.

- Your honest responses are valuable for school improvement planning; therefore your answers will be **strictly confidential**.

Add your parent voice to help improve our schools!

- A similar survey is being administered statewide to all DOE 4th, 5th, 7th, 8th, 9th, and 11th grade students and to all teachers, administrators, and school support staff. As parents, this is your chance to be heard.

3 simple and quick steps...

1. Access the following online link between January 21 and February 20, 2014:

<https://www.surveymonkey.com/s/2014ParentSQS>

2. Respond to the survey items based this school year.
3. Click the "Done" button when you have completed the survey.
