ALOHA FOR JAPAN

With much appreciation to you for your generous contribution for the 45 pound Aloha for Japan box that accompanied the students and teachers from Iolani School and Waiakea High School who were attending the first Japan Super Science Fair, Kyoto. The box was sent via ground delivery to a relocation center in the earthquake and tsunami devastated area in Miyagi prefecture. A joint memorial service was held for the victims of the tsunami on December 11, during which time the children were provided with the T shirts, baseball caps, school supplies, souvenirs, candies cookies, games, and other kits. The children were very happy.

We thank Quintin Watanabe of Waiakea High School who initiated and coordinated this generous gesture of Aloha to bring a smile to the children, who have lost their homes and family members in the tsunami.

Ichi-go ichi-e "Treasure every encounter, for it will never recur."

Mahalo for your kindness and generosity. Waiakea High School and Iolani School Japan Super Science Fair students Dale Olive, Tom Murphy, teachers, Waiakea HS Dr. Mark Lindsay, teacher, Iolani
